## HOW TO PLAY:

13. Each of the five (5) dice will have only one (1) winning face. The required winning face shall be the Grey Eagle Resort & Casino logo.

Each die must roll approximately eight feet (8’) and must bounce against or directly hit the backboard of the playing surface in order to be considered an eligible roll. When each die comes to rest after being rolled, the die must remain on the playing surface with one face flat on the playing surface. Only the face that finally lands facing upward will be eligible for play.
15. From the moment the dice are given to the player until the attempt is complete, the dice may not be interfered with in any way and may not touch anything (including other dice) other than the playing surface. (Dice may not be altered by being struck by subsequently rolled dice). If any die involved in an attempt does
